## **Quantum Solutions (Japan) Inc. Announces Partnership with Payoneer® Global Payment Solutions**

**Tokyo, Japan – January 9<sup>th</sup> 2014** – Quantum Solutions (Japan) Inc., an international logistics and fulfilment services company, announced today that it has recently signed a referral agreement with Payoneer, an industry-leading global payment solutions company, to commence marketing support to their solutions for international e-commerce and/or mail-order business operators.

Quantum's main service "EFFECT" (Ezy-Fulfilment for E-Commerce Trade) is a fulfilment system for international shipping that executes one-stop logistics operations for overseas e-commerce/mail order businesses utilizing Amazon.com or ebay.com ([www.ezyfulfilment.jp](http://www.ezyfulfilment.jp)).

In light of this agreement, Quantum aspires to take a comprehensive set of measures to support acceleration and reinforcement of overseas business development of companies that intend to launch e-commerce and/or mail-order businesses abroad.

Quantum now supports Payoneer in offering its global payment- solutions, through which Payoneer Account Holders have the opportunity to receive commercial payments from US based companies. This is a secure service that can be utilized by a wide range of international mail-order business operators at their convenience, providing them with the ability to withdraw funds at local ATMs, or to their local bank account. Moreover, Payoneer offers multilingual 24/7 customer support for users across the globe, an additional benefit for Quantum clients.

### **About Payoneer**
